8.35.01 Policy It is the policy of the City of Pea Ridge that persons and groups have the right to organize and participate in peaceful parades and demonstrations on the streets of the city, subject to reasonable restrictions designed to protect public safety, persons and property, and to accommodate the interest of persons not participating in the assemblies to use the streets and sidewalks to travel to their intended destinations and use public grounds for their intended purposes. (Ord. No. 816, Sec. 2)

8.35.02 Definitions The following words, terms, and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Parade means any formation, march, procession of any kind, involving persons, animals, or a motorcade of ten (10) or more vehicles, or combination thereof, except funeral processions, traveling in unison for a common purpose upon the streets and within the city with an intent of attracting public attention that interferes with the normal flow or regulation of vehicular or pedestrian traffic upon the streets, sidewalks, and public grounds within the city. (Ord. No. 816, Sec. 2)

8.35.03 Permit required It shall be unlawful for any person to conduct a parade in or upon any public street or alley in the city, or knowingly participate in any such parade, unless and until a permit to conduct the parade has been obtained from the city. (Ord. No. 816, Sec. 2)

8.35.04 Application for permit A person seeking a parade permit shall file an application at the Pea Ridge Police Department on the forms and in the manner provided. The application form shall be signed by the applicant and shall be filed at least fourteen (14) calendar days before the parade is proposed to commence. The Chief of Police, in his discretion, may consider any application for a parade permit filed at any time before the proposed event if he determines that fourteen (14) days is unnecessary for city staffing, planning, coordination, etc. to prepare for the event. The Chief of Police is encouraged to review and issue permits as soon as possible.

The application for a parade permit shall set forth the following information in writing on a form approved by the Chief of Police:

- (1) The names, addresses, telephone numbers, and email addresses of the applicant, parade sponsor, and parade director;
- (2) The date, time and estimated duration of the parade, including time to organize before and disperse after the parade, and any possible alternative dates and times;
- (3) A description of the proposed route to be traveled, including the assembly area, starting point, the street routes with directions, the termination point, and the area to disband;
- (4) An aerial street map of the proposed route to be traveled clearly delineating all of the impacted streets;
- (5) A statement of whether the proposed parade is a new or a recurring event;

- (6) The approximate number of persons who, and animals and vehicles which, will constitute the parade and the types of animals and vehicles participating in the parade; and
- (7) A description of any sound amplification equipment to be used in connection with the parade, if applicable.

The application shall be considered “filed” upon its receipt by the police department, provided all of the above information is clearly indicated on the application form. (Ord. No. 816, Sec. 2)

8.35.05 Issuance of permit The Chief of Police or his designee shall review the parade application and notify the applicant of a decision as soon as practical, but in no event, more than three (3) days after filing. The following factors, with the overall objective of protecting the public peace, health, and welfare, including vehicular and pedestrian traffic, and the participants in the parade, shall be considered in the determination:

- (1) Whether the information contained in the permit application is complete and accurate;
- (2) Whether the time, place, or size of the parade, including the assembly and disbandment areas and route, will unreasonably interfere with the safe and expeditious movement of pedestrian and vehicular traffic, ingress or egress to or use of adjoining private property, or unreasonably disrupt the use of a street when it is usually subject to significant traffic congestion, *e.g.*, morning (7 to 9 AM) or evening (4 to 6 PM) rush hour, school drop off or pick up times, etc.;
- (3) Whether, due to weather, time of day, lighting, or other factors, the parade will present an unreasonable danger to the health or safety of the parade participants or other members of the public, or cause damage to public or private property;
- (4) Whether the conduct of the parade will require the diversion of so great a number of city police officers to properly police the parade line of movement and contiguous areas as to prevent normal police protection within the city, considering previously permitted parades and special events, if any;
- (5) Whether the parade would unreasonably interfere with the movement of police vehicles, fire-fighting equipment, or ambulance service to other areas of the city;
- (6) Whether a permit for a parade is pending or granted, or a special event is scheduled, for the same time and approximate location, or would unreasonably interfere with another pending parade or special event;

- (7) Whether the parade will substantially interfere with any construction or maintenance work scheduled to take place along the planned route or location; and
- (8) Whether the applicant agrees to fully comply with all conditions of the permit.

Parade permits shall be granted, subject to time, place and manner restrictions determined by the Chief of Police. (Ord. No. 816, Sec. 2)

8.35.06 Contents of permit In each permit under this chapter, in the interest of protecting the public peace, health, and welfare, including vehicular and pedestrian traffic, and the participants in the parade, it shall be within the discretion of the Chief of Police, to reasonably specify the following aspects of the parade permit:
